Federal Energy Regulatory Commission
Office of Energy Projects
888 First Street N.E.
Washington, DC. 20426

**Re: Turners Falls Hydroelectric Project (P-2622)
License Application and Pre-Application Document**

Dear Secretary Bose:

Turners Falls Hydro, LLC (“TFH”), Licensee for the Turners Falls Hydroelectric Project (FERC Project No. 2622) is hereby requesting to supplement the Pre-Application Document filed with the Commission on February 26, 2016.

On July 29, 2016, Eagle Creek Renewable Energy, LLC (“Eagle Creek”), through its subsidiary Eagle Creek Swift River, Inc., acquired and assumed management of TFH.

Under its former management, TFH identified in section 5.6 (e) of the Pre-Application Document (PAD), “the applicant will not be seeking benefits under PURPA”. TFH hereby notifies the Commission that it now intends to seek benefits under the Public Utility Regulatory Polies Act (PURPA).

The PAD filed with the Commission on February 26, 2016 was redistributed to an updated and expanded list of Stakeholders on December 2, 2016 with notice of TFH’s plans to conduct the Joint Agency / Stakeholder / Public Meeting and Site Visit (Joint Meeting) for the Turners Falls Project on February 7, 2017. Confirmation of the date and details of the meeting location and agenda will be delivered to the distribution list at least 14 days prior to the Joint Meeting and to FERC at least 15 days prior to the Joint Meeting. During the Joint Meeting, TFH will state its intent to seek PURPA benefits.

If you have any questions regarding this matter, please contact me at (973) 998-8403 by telephone or email bob.gates@eaglecreekre.com.

Sincerely,
Agent for Licensee
Turners Falls Hydro, LLC
